Acoustic Technology & Design

## Scorpion Internet Marketing (Valencia, CA)

*"We really liked the design and elegant look of the Snowsound Baffle and the Charcoal Gray color was a perfect match to the color palette. After installation, there was an instant change with the Snowsound panels."*

*– Eduardo C. Melgar, Design Principal*

Project Name: Scorpion Internet Marketing

Location: Valencia, CA

Vertical Marketing: Corporate Office

Application: Lunch Area & Gymnasium

Product: Baffle 24x63 panels, Ceiling Hardware, Charcoal Gray

A&D Firm: Wirt Design Group

Designer: Eduardo C. Melgar, Design Principal

## PRODUCT INFORMATION

New construction with high traffic areas and open spaces. Wanted an acoustic solution that could handle the echoing and reverberation in the lunchroom and gymnasium with the hard surfaces. The design would also strategically need to go with the dark ceilings and blend in with the patterns of the lights and not be so visible.

Baffle 24 x 63 panels and ceiling hardware were used in the install in lunchroom and gymnasium. The color used Charcoal Gray.
