

# SNOWSOUND®

Acoustic Panels & Fibers

WELLS  
FARGO

Wells Fargo, New York, NY.

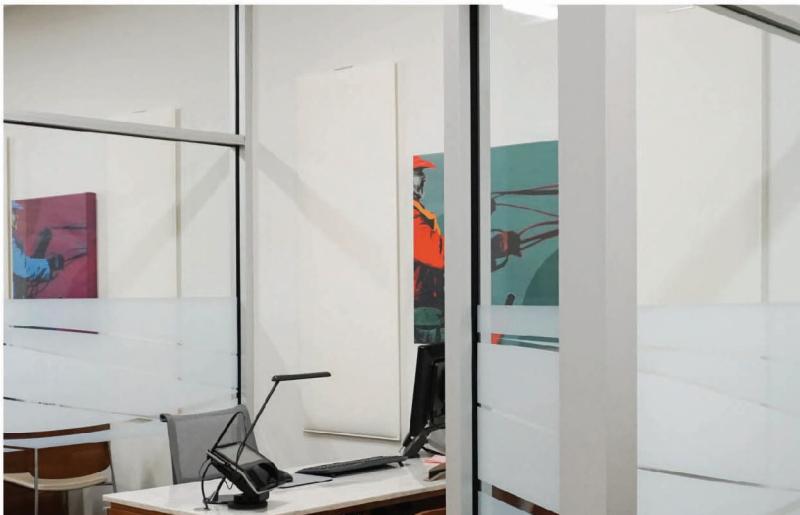

*"The Snowsound panels makes a difference. I've done two interviews so far with and without the Snowsound panels.*

*The first interview (without Snowsound panels) - Everyone in the office were able to hear the responses the interviewee was answering plus any comments being said by me during the interview.*

*The second interview (with Snowsound panels) - I asked the team members around after, if they heard anything being said. My team members were not able to listen to what the interviewee or myself were saying.*

*I've noticed as well the difference when you walk in and hold a conference meeting. The noise stays inside and it no longer echoes. Thank you for everything!"*

- Alejandra Morales, Assistant Branch Manager  
of Wells Fargo

## Product installation:

Snowsound Snowfix panels were used in this install. For the walls, multiple 63" x 24" Snowfix panels with Snowfix brackets for direct wall mounting. Color used were white.
