A modern office interior featuring a long wooden conference table with several ergonomic chairs. The room has large windows on the left and a balcony above. The right wall is covered with large, white, rectangular acoustic panels. The floor is polished and reflects the light.

"The result is amazing. They work SO well in the space and solved the issue completely. We're thrilled with the outcome."

~ Nicole Giesler | Director of Interiors | OFS

"We really liked the design and elegant look of the Snowsound Baffle and the Charcoal Gray color was perfect match to the color palette. After installation, there was an instant change with the Snowsound panels."

~ Eduarco C. Melgar | Design Principle
