BOW

Bow is a system of scalable, modular, sound-absorbing elements, inspired by the shapes of boat bows and hulls. The Bow product family consists of two elements, each of which boasts a sculptural, raised profile that creates an air gap between the panel and the wall. Bow's two shapes—Hourglass and Shield—are modular, complementary, and can be nested together like precisely machined puzzle pieces. The elements attach to the wall or ceiling by means of special metal attachments and magnets, which makes them easy to reposition and remove.

- Polyester internal padding with Snowsound technology, polyester covering in Trevira CS® fabric
- Single material and 100% recyclable
- Eco friendly - Greenguard Gold
- Patented variable density composition
- Class A sound absorption with NRC 1.0 (ISO 354/ASTM C423/ISO 11654)
- Absorbs 94% of human speech frequencies
- Class A fire and smoke safety (UL 723/ASTM E84)
- CAL 133, 117 pass
- 3D dimensional composition with sleek profile. Max panel thickness 1.4"
- Ceiling/wall mounted

HOURGLASS 14"x 29" - COMPLETE KIT

QUICK SHIP	COLOR	PART #
