

CLASP WALL / CEILING

In the CLASP WALL and CLASP CEILING, the Snowsound Fiber acoustic textiles is fixed to simple steel buckles. The textile panel can be easily removed from the structure thanks to a hidden system in the upper edge, while the lower edge houses a chrome-plated steel rod fixed with two visible chrome-plated pins. CLASP can be hung from the ceiling or fixed to the wall. The fabric is supported by a chrome-plated metal frame, available in the wall version and on cables fastened to the ceiling with a height adjustment mechanism. The fabric slipcover is removable.

- Single material and 100% recyclable
- Eco friendly - Greenguard Gold
- Class A sound absorption with (ISO 354)
- Machine washable up to 140 degrees F.

- Class A fire and smoke safety (UL 723/ASTM E84)
