SNOWPOUF
ACOUSTIC SOFAS & COFFEE TABLE

DESIGNER

Paola Navone - Otto Studio

A comfortable sound-absorbing object covered with Snowsound-Fiber 3 Melange fabric and, internally, consisting of technopolymer sound-absorbing padding and wood.

SNOWPOUF ACOUSTIC COFFEE TABLES

Coffee tables made with a load-bearing structure in wooden material covered with sound-absorbing polyurethane and polyester that, combined with the Snowsound Fiber sound-absorbing fabric covering in polyester fibers, allows the elements to best absorb different frequencies.

Each element is equipped with 4 technopolymer feet. The solid table tops are MDF with wrapped oak-veneered wood. Table tops are fixed to the structure using steel plates.
