

MILANO

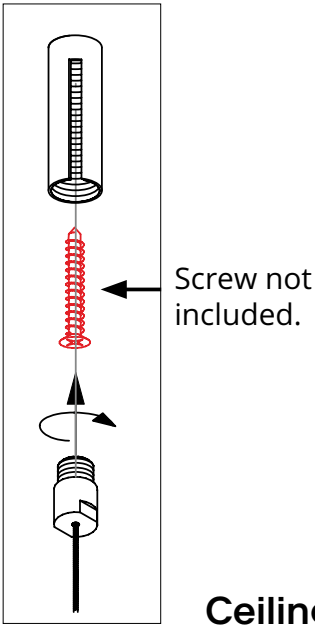

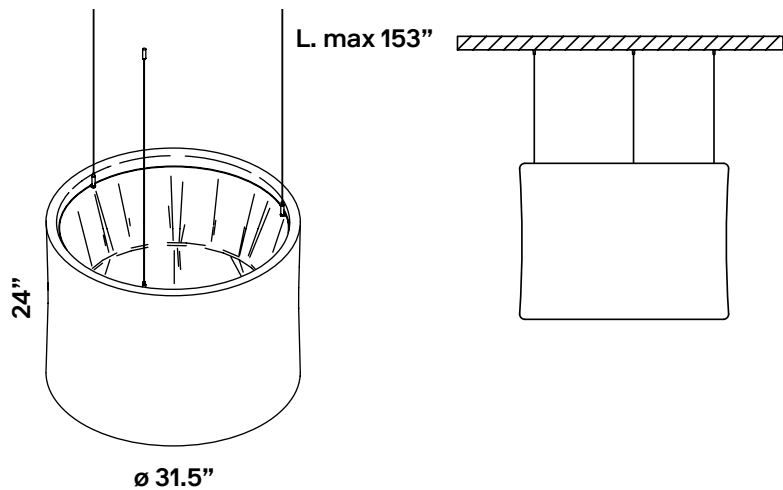

MILANO

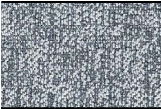

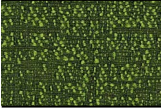

MILANO is a large sound-absorbing lampshade crafted with Snowsound Fiber 8 Bouclè fabric. It features a tubular structure that creates a slight waist on the external fabric and pleats on the inside. The air gap between the external and internal fabric enhances the lampshade's acoustic performance. Available in two sizes with diameters of 31.4” and 47.2”, the lampshade is suspended from the ceiling using three height-adjustable cables.
