

DIESIS

DIESIS

DIESIS (FREESTANDING UNIT) features a structure and base made of black epoxy powder-coated steel. The drapery is crafted from Fiber 6 Velvet polyester, with stitching done using polyester thread. It is applied to the upper structure through steel removable fixings.

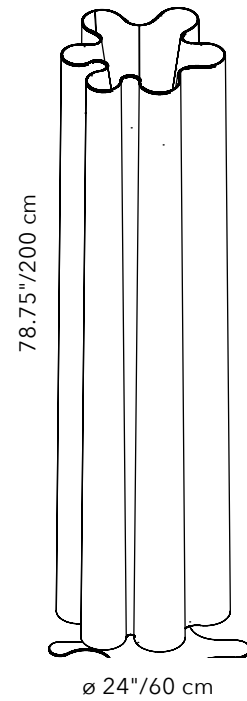

DIESIS (CEILING SUSPENDED UNIT) features an upper structure made of epoxy powder-coated steel, with a top rod equipped with a galvanized steel cable clamp and stainless steel wire for hanging. The ceiling attachment is equipped with a metal ball bearing that allows free rotation of the entire object. The drapery is crafted from Snowsound-Fiber 6 Velvet polyester, with stitching done using polyester thread. It is applied to the upper structure through steel removable fixings.
