- Use element (f) as a positioning jig for the supports

INDUSTRIAL 1" INDUSTRIAL 1.5"

SNOWSOUND

SNOWSOUND FIBER TEXTILE

- The panels can be installed in two directions - ① and ②

* - for the assembly of the structure see MOD.616

7A

ATTENTION

Once the sound-absorbing elements have been inserted into the supports (v), IT IS NOT POSSIBLE TO UNHOOK THEM. It is POSSIBLE to slide them along the tracks, and pull them out.

Panel Industrial 1.5" / Industrial 1"	Dimension in.	max. no. of panels per structure: L. 47" / 71"	Structure with 2 profiles	Structure with 3 profiles
	8" x 47"	12		
	31.5" x 47"	6		
	8" x 63"	12		
	16" x 63"	6		
	23.5" x 63"	6		

Panel Snowsound	Dimension in.	max. no. of panels per structure: L. 47" / 71"	Structure with 2 profiles	Structure with 3 profiles
	17.3" x 47"	6		
	23.5" x 47"	6		
	8.5" x 63"	12		
	17.3" x 63"	6		
	23.5" x 63"	6		

Panel Textile Fiber 2 / Fiber 3	Dimension in.	max. no. of panels per structure: L. 47" / 71"	Structure with 2 profiles	Structure with 3 profiles
	16" x 47"	12		
	23.5" x 47"	6		
	31.5" x 47"	6		
	16" x 63"	6		
	23.5" x 63"	6		
	31.5" x 63"	6		

SAFETY INSTRUCTIONS AND INFORMATION

1.The product must only be assembled and installed by competent fitters. **Warning:** once the product has been assembled always check that the structure is suitable for the type of application and/or use to which it will be put. These products are not suitable for use by children.

2. Prior to installation check the load bearing capacity of the surface on which the product is to be fitted, use suitable fixtures according to the type of surface which must be able to withstand the forces generated. **Warning:** the surface must be horizontal, flat, rigid and non-deformable

3. Warning: if you have any doubts concerning how to install the product and/or the load bearing capacity of the surface on which it will fitted, do not install

4. Snowsound-Fiber is machine washable at 30°C and can be ironed at low temperature (max 110°)

5. Do not use detergents to clean the parts that are not in textile fabric.

6. For further information on how to install the product, please contact your dealer. For any use different from the ones here shown please contact the dealer.

7. Periodically check that the mechanical tightening systems are properly fixed.
