TECHNICAL INFORMATION:

- The roller shade assembly is to be a flat mounted ceiling or wall mounted. For any custom conditions, please reach out to our technical team.
- The curtain will operate with specified mechanism above.
- All measurements to be verified on site prior to fabrication. Motorized shades may require dedicated power coordination prior to install

TERMS:

- Due to the custom-made nature of Snowsound Roller Shade, a minimum 60% deposit is required with all orders to initiate production
