

INDUSTRIAL IN 2' x 2'

INDUSTRIAL IN 2’ x 2’

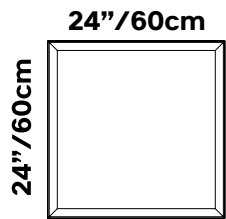

Snowsound Industrial IN panels, available in 2’x2’ ceiling grid size can be installed in suspended ceilings with compatible profiles and supports (IN panels are compatible with both 15/16” and 9/16” T-bar grids, and 9/16” bolt slot ceiling grids. These panels are equipped with the CE mark, complying with the harmonized technical specification EN 13964 for use as suspended ceilings. They offer superior acoustic comfort compared to traditional Acoustic Ceiling Tiles (ACT). This system is adaptable for retrofitting into existing spaces or specifying architecturally during the design phase. The panels are also adaptable to cutting in-the-field for penetrations as needed.
